

ACTIVIDAD PRÁCTICA #4

Astrid Jimena Moreno Reyes
1080723

The first screenshot shows the 'Computer Science & Programming' course page on Brilliant. The course is at Level 1, 'Thinking In Code', with a progress bar. The course description is 'Build solid foundations for computational problem solving.' and it consists of 8 Lessons and Practice. The second screenshot shows the 'Conditional Logic' section of the course, which includes 'Conditional Statements', 'While Loops', 'Combining Conditions', and 'Practice Complex Conditionals'.

The screenshot shows the 'Challenge Problems' section of the 'Computer Science & Programming' course. It includes 'Langton's Ant' and 'Langton's Ant Revisited'.

Computer Science & Programming

LEVEL 1

1.1 Thinking In Code

Build solid foundations for computational problem solving.

8 Lessons Practice
